“Courage to Lead for Social Impact” is a renewal and leadership retreat series that will create the first cohort in a new network of leaders across the greater Seattle and Northwest region. The program is for people who are committed to making a positive difference in the world, while strengthening the fabric of social equity in our community.

We envision a safe and welcoming place to foster reflective leadership and forge trustworthy relationships among others with similar passion, helping us sustain each other in our long-term commitments. While most of us are focused on the external demands of change, we also need a place to cultivate and nourish our leadership within, in the company of wise and understanding colleagues.

This program is for you if…

• You are a leader and a decision maker who is working toward a more just, compassionate and healthy world.
• You want to be part of a diverse community of leaders from across professional sectors – people you’ll come to know, trust and support as allies.
• You want to take your leadership to the next level and you welcome introspection and personal growth.
• You’re seeking greater resilience and integrity to sustain a commitment to solving complex social issues.

Join other leaders from Greater Seattle and the Pacific Northwest in this deep dive into the heart of leadership. Through storytelling, reflection and facilitated discussions, you’ll have an opportunity to consider your heart’s work, renew your energy and passion for your cause, and strengthen your leadership within a community of practice.
